The Story

Hello Carol. We have rushed the boats before the holy week and we were able to include the 4 boats coming from your contribution, and specially from Jessica and Ryan. During my talk with the fishermen, I shared to them the story of your two children, how much they have devoted their time to produce origami, how much they have sacrificed to help the needy fishermen victims of Yolanda. I presented to the fishermen in the PowerPoint the picture of your two kids selling origami. Again thank you, and the 4 fishermen are so grateful to you and to the two kids
