I am very excited about our upcoming exchange students for the 2009-2010 school year.

I am searching for loving, caring, happy and harmonious Host families to host our exchanges students that will be coming for the 2009-2010 school year. Our students are the best of the best academically. Our students are so wonderful and they are very proud of their culture and love to share everything and anything about their culture and their country.

I am currently looking for host families through out all of Colorado. As a host family you provide a safe and loving home and family environment for our students. Our students become a part of your family and become a part of your everyday life.

We have many talented students academically, musically and some are even very talented in sports.

This is a great way for any families who may have an adopted child from China to have an older child in your home to help you learn more about the Chinese culture. Our students love children and love our American host families. Also, it is a wonderful way to have a student from China in your home while your children are starting to learn the language. This would be something that would benefit your child and our student.

Our students will attend the host families' local high school for the school year. The students have a monthly allowance that they use for all school activities, supplies and events. They pay for all of their personal items and clothes. The host family provides a loving home, a safe and comfortable sleeping environment, breakfast and dinner during the weekday and breakfast, lunch and dinner during the weekend. The students pay for their own school lunches.

We currently have several exchange students from China boys and girls. I would love to send you a few profiles on some of our students. They are all so wonderful I know a great family reading this email will be contacting me soon on all them.

If anyone has any questions feel free to call me. Or if anyone is interested feel free to contact me.

Thank you all for spending the time to help out our wonderful students. Spread the word to everyone you know. You may not be able to host but someone you know may. These wonderful students below are ready for host families and are currently needing host families. You will see their profiles and photos they have personally sent to their possible host families. They have also sent letters written by them and their parents have also. They are fun to look at and read. You will fall in love with our students as I have, I can't tell you enough how wonderful our students are.

He likes to learn new things. Ang would like to know more about the American way of life, experience American education and local customs, and enhance his English skills.

Dear host family:

Thank you for considering hosting me as a member of your family.

My name is Zhao Ang, comes from Zhengzhou City of Henan Province.

I like to make friends with my peers who share the similar hobbies with me, like playing basketball and swimming. I like playing basketball very much and watching American NBA match is my favourite and Kobe is my idol. During my spare time, I like to surf on the Internet, play games and chat with my classmates and friends. I can take good care of myself. During my vocation, I like travelling around and have visited many domestic places.

I took part in the summer camp to Australia organized by our school. It is luck for me to have such a chance to experience the world outside and widen my horizon. And this is a inducement for me take this chance to be an exchange student.

My father is a national official. He works at Agriculture Bureau of Zhengzhou City. He is gentle and kind to people. He is a good official and takes his duty seriously. My mother is the general manager of China Telecommunication Xinyang Company. She is full of responsibility and always

very busy, so has to go home only at weekends. She is open-minded, good-natured and full of passion. They love me very much and I also love them. We have a family car and we always drive outside to have a fun whenever there is spare time.

I am wondering what my new family will be. But I do hope it is as warm and harmonious as my family. It will be better to have a child of my age, then we can play and study with each other. I will try my best to melt myself into your family and I also hope there is a chance for you to visit my family.

At last, I want to send you all of my best wishes!

Yours, sincerely
Ang

Dear host family:

Ang is an honest and lovely boy, he is pure, sincere and good-hearted, and can get on quite well with others easily. He is good at thinking independently and can take good care of himself. I believe he would adapt himself fast as a good family member in you family.

From his studying from primary school to senior middle, he is good at planning his study reasonable, so that he achieves his goals successfully. He has broad hobbies such as playing basketball, swimming and computer games. And he is especially good at drawing cartoon pictures. During the vacation, bodying building and travelling are his favorites. He has been to many domestic scenic spots and cities like the Three Gorges, Shaolin Temple, Beijing, Shanghai, Hainan Province, Shenzhen city and Shenyang CITY. In year 2005, he took part in the summer camp to Australia organized by Zhengzhou Education Foreign Exchanging Service Center.

But he also have shortcoming. He is a little bit shy when facing with strangers. We believe he will make great improvement while growing up.

We are an open, happy and liberal family, we hope the friendship between our children would bridge the friendship between our two family.

Best regards,
Zhao, Daguo
