

# 长城中文学校文化与课外活动 Extracurricular Activities

Chinese culture education is an important part of the Great Wall Chinese Academy's curriculum. We offer a variety of culture and enrichment classes with innovative, award-winning professionals and artists. Students learn favorite art forms at their choice. GWCA organizes students and families to perform in local community events year-around that provides great opportunities for students to explore and embrace the Chinese folk arts, share their culture heritage, and do community services.

Cloths Drive for Poor
